## Where Would You Settle?

You are the captain of a settlers' ship that has come to the new world to start a colony. Answer the questions below then draw on the map your favorite **3** spots to settle and be prepared to defend your reasons in the final section of this sheet.

1. Number the following in order of importance 1-5:

Number	Most Desirable Feature
	Farming/Fishing
	Trade with nearby settlements
	Protection from invaders
	Building a nice home
	Being the first to go there (discovery)

2. List what types of water features can help your settlement?

3. How could those water features also harm your settlement?

4. List what types of land features can help your settlement?

5. How could those land features also harm your settlement?

**\*\*\*Now write A, B, and C on the location of the **3** spots to settle and create your towns/cities, then turn over. → → →**
